

# RIBBONS & TAPES

## We are vertical in production of ribbons & tapes

By offering a full, vertically integrated, high-tech label tape manufacturing capacity, we are able to customize synthetic and natural fiber tapes that need to be dyed-to-match in a variety of weaving textures and colors.

## Many qualities & capabilities to choose from

We offer an extensive array of fibers ranging from synthetics such as polyester (satins & taffetas), and poly-cotton blends to natural fibers such as cotton, organic cotton and organic bamboo, as well as recycled polyester.

You may choose your tapes as woven-edged or slit cut. Our jacquard ribbons are flat, tubular or gross and you may even add your logo and message to them.

## Convenient production facilities in most major sourcing locations in the world

Our regional production facilities offer you on-time expedited ribbons & tapes to meet the fast-paced production lead times in today's apparel market.
