

THERMAL PRINTING SERVICES

Services, Products & Equipment.

Versatility & Convenience

Whether you need us to print your variable information thermal labels or you wish to print them at your own facility, we cater to your thermal printing requirements.

Fino-Express Service Bureaus

Send your request and order electronically. Depend on us to meet your label deadlines with the utmost accuracy, quality and flexibility. The right combination of hardware, software and services allows us to service you as you expect. Our local Service Bureaus offer you on-demand printing as fast as 24 hours-delivery. We support multiple remote locations through data transfer and support of EDI standards.

In-Plant Thermal Printing

Our own in-plant thermal printers allow you to print at your own pace and at your own facility. On-demand printing enable you to create a specific number of thermal printed labels, roll tags, size stickers and price tickets all on the same day. This option gives you the self-sufficiency and flexibility that you require and contributes towards the strengthening of your business by ensuring on-time finished good delivery.

THERMAL PRINTED SPECIALTY PRODUCTS

We offer thermal printed labels, roll tags, size and price tickets, leg stickers and box stickers. Our products range from tags, ribbons and labels which come in a variety of materials to suit your specific needs. All products are designed to offer unsurpassed quality and smooth performance.

FixPrint®

Designed for the Uniform and Jeans wear industries, these labels are made to endure strong industrial washes such as stone bleaching, stone washing, over dyes, and enzymatic washes.

Woven-thermal

This is a pre-woven Finosoft® flexographic label tape (with colors) which allows you to thermally print variable information such as sizing, SKU's, compositions, care instructions, production lots, styles and more, to later be cut into labels.

Flexo-thermal

This is a pre-printed Finosoft® flexographic label tape (with colors) which allows you to thermally print variable information such as sizing, SKU's, compositions, care instructions, production lots, styles and more, to later be cut into labels.

Finosoft® Barcode

Combines the quality and softness of our Finosoft® label tape with the convenience of thermally printing your asset management information such as barcodes, shipping symbols and ISBNs.
