

# SCREEN PRINTED LABELS & TAPES

## We are vertically integrated in label production

By offering a full, vertically integrated, high-tech label tape manufacturing capacity, we are able to customize polyester and cotton tapes that need to be dyed-to-match or weaved-to-match in a variety of weaving textures and colors.

## Many qualities, capabilities & solutions to choose from

We print on a wide array of fibers ranging from synthetics such as polyester (satins, taffetas & acetates), nylons and poly cotton blends to natural fibers such as cotton and organic cotton. Thanks to our screen printing process, a superior color intensity is achieved, even on dark substrates.

## Convenient production facilities in most major sourcing locations in the world

Our in-country production facilities offer you on-time expedited screen printed labels and tapes to meet the fast-paced production lead times in today's apparel market.

For samples or more information on our offerings, please contact your Sales Representative.

## SCREEN PRINTED LABEL & TAPE OPTIONS

QUALITY	CAPABILITIES	CUT & FOLDING
Single Satin	Color Matching	Rolls
