

FX Ultrasonic Cutter available for Finosoft<sup>®</sup> and Ultrasoft woven edge tapes

# FX-2000

## Flexibility of On-Demand Printing

Our FX-2000 printer allows you to print at your own facility and at your own pace. On-demand printing enables you to create a number of thermal printed labels specific to your requirements. This gives you the self-sufficiency that you need and contributes towards your bottom-line.

## Versatility of Materials

Whether it's coated materials or satin tapes, the FX-2000 can print it for you. We provide different substrates from the most basic to the most elaborate. Additionally, we offer specialized materials for specific requirements, such as our semi-matte satin tape ideal for barcode printing as well as woven-thermal and flexo-thermal label tapes for when you need the best of both worlds; the best look, durability and flexibility WITH variable information.

## World-class Technical Support

Our specialized Technical Support teams are available to serve you upon request. Whether it's a scheduled maintenance visit or an emergency call, our in-country teams are there to help you deliver.

For more information on our offerings, please contact your sales representative.

Woven-thermal label

FX Ultrasonic cutter - stacker

The FX-2000 is our most popular model. Its proven capabilities have made it a favorite amongst our customers. It prints 1 color on the front and 1 color on the back on coated material or on our signature single or double satin Finosoft® or Ultrasoft tapes. For these types of tapes, it requires our Ultrasonic cutter, developed to cut woven-edge tapes and holds a 100% non-fray guarantee at the cutting area. This cutter provides a non-rough cut for maximum comfort and softness. It comes with its own stacker.

## SYSTEM SPECIFICATIONS

Printing method	Thermal transfer
Printing density	300 dpi
Printing speed	150 mm/sec
Print width	64 mm
Print length	250 mm
Number of print heads	1 front / 1 back
Interface	Parallel (Centronics), Serial (RS-232C), USB
Stacker	Adjustable Descending type at 160 mm
Non-stop cutter	High-speed rotary cold cutter or Ultrasonic cutter for Finosoft® / Ultrasoft label tape
Applicable barcodes	1-Dimensional barcode: JAN (13-8), EAN, 2 of 5 (Industrial, NW7), CODE 39, CODE 93, CODE 128, 2 – Dimensional Barcode: PDF417-QR code
Fonts	Windows fonts, Alpha-numeric characters, Alpha-numeric S characters, OCR-B fonts, Special characters
Media type	Finosoft® and Ultrasoft woven polyester label tape and woven-thermal label tape, Rolled Paper, Coated material
Media width	15 – 70 mm
Media length	30 – 250 mm
External dimensions	364 mm x 455 mm x 365 mm
Weight	28.5 Kg/ 63 lbs
Power source	A C 85Vm – 132 V 50/60 Hz
Power Consumption	Under 400 VA
Accessories	Handling Manual, AC Cord
Operation temperature	5 °C – 24° C / 41° F – 75 °F
